(b) MCRC Frost Call 005-01 dated 30 Nov 00
(c) MCRC Frost Call 027-02 dated 1 May 02

1. Purpose. To notify all levels within the Marine Corps Recruiting Command, clarification of the criteria for Marine Corps Entry Level Separations (ELS) who have successfully completed Marine Corps Recruit Training.
2. Background. Reference (a) specifically states the criteria and waiver level, relative to Marine Corps ELS applicants who **failed** to complete Marine Corps recruit training. Cases involving Marine Corps ELS applicants who have **successfully** completed Marine Corps recruit training is not exclusively addressed. These are normally those applicants who were ELS's from the Schools of Infantry.
3. Information. HQMC Enlisted Retention and Counseling (MMEA-6) consider anyone who has successfully completed Marine Corps recruit training a Prior Service Marine. Subsequently, HQMC (MMEA-6) can only approve prior service Marine applicants. Prior Service Marine cases are forwarded to MCRC G-3 and routed through Manpower for decision.
4. Action. Effective immediately any applicant who has successfully completed Marine Corps recruit training will be processed as reenlisting into the Marine Corps. Cases will be submitted as a standard Prior Service case to MCRC. MCRC will forward these cases to MMEA-6 for decision, and if approved to MMEA-11 for MOS classification. Do not use PEF Code "PZ" for these prior service Marine applicants; instead include on the Prior Service request the Program Enlisted For (PEF) Code choice for assignment (i.e. Supply & Accounting "CC"). PEF selections will be from existing RS allocations. If the applicant desires to ship Open Contract the PEF Code will be "00". Applicant must meet all criteria for reenlistment or possess a waiver as

outlined in reference (b). Reference (c) is not applicable to these cases. Appropriation data to direct these reenlistments to Schools of Infantry will be the same Appropriation Data, used for recruit transfers to MCRD's Parris Island or San Diego.

Subject: "POST" APPROPRIATION DATA

Mr. Styka,

I finally spoke with Ms Joan Davis, P&R, HQMC concerning the use of appropriation data with the scenario you gave. She agree that the correct appropriation data is the "post" enlistment line of appropriation that the MEPS liaisons currently utilize. She did mention that Military Personnel should not pay for it.
